All electrical work required
to meet the requirements
of Part P (Electrical Safety)
must be designed, installed,
inspected and tested by a
person competent to do so.
Prior to completion the
Council must be satisfied
that either-
An electrical installation
certificate under a
Competent Person Scheme
has been issued; or
An appropriate electrical
installation certificate has
been issued for the work,
and that it has been signed
by a person competent to
do so.
